About our doors

Our new unique patio doors are the slimmest framed doors of their kind with incredible versatility due to the slide and stack operation. The styling of our doors are expertly designed, tested and manufactured by us. With its sophisticated slide and stack design, you benefit from the minimalist styling of a sliding door, but the option to full open your space like a bi-fold at half the stacking space.

Special Features

- Thin 60mm sightline where the doors meet
- PAS24:2022 Security Certified
- Fully sealed (Class 2C) and weather tested (Class 3A)
- Versatile functionality
