

Welcome back to school 2024!

Welcome back and Happy New Year! With your batteries recharged we can help with any great school new projects you have planned. Check out some of our customer's favourite products across our range, from classrooms to playgrounds and everything in between!

Our customers' favourite products

1. Chairs - Postura

Everyone loves the [Postura classroom chair](#), no fixings or separate parts so will last a lifetime. Lightweight with an ergonomically designed seat and a colour range to suit all decors. The [full range](#) includes stools, high chairs and computer chairs so you can have a match throughout the school.

2. Tables

Compliment these with our great value classroom tables, with frame heights to cover all year groups and different colours or wood finishes I'm sure we can find something to please both your teachers and budget holders

3. Laboratories furniture items

We get nothing but good feedback on our [Trespa top lab tables](#), heavy duty stain and chemical resistant tops with sturdy metal frames perfect for any science lab or food tech classroom, we can also make them to any size you require .

We also have a large range of stools and high chairs to cover all worktop heights. Our Favourite - Masterstack High Chair. The narrow profile of these high chairs mean they can be used with smaller tables and give you the option of seating more pupils along any perimeter benching

4. Outdoors

Moving outside our range of [recycled plastic furniture](#) has proved a huge hit with our schools, give your communal areas and playground a new lease of life using the mixed colour or coloured top options.

The [extended top benches](#) have wheelchair access at either end promoting inclusivity and making you DDA compliant

5. Playmats and carpets

Customers adore our range of [large 3m square carpets](#) with colourful designs and playful characters keeping pupils engaged and confident to interact during group learning.

6. Dining room

Dining room and café style furniture for all areas whether it is a permanent space or you need folding furniture for use in multi-purpose halls. Every installation involving the [Axis](#) range of sled base dining furniture has brought positive reviews and reactions from staff and pupils alike. Sturdy sled base metal frames with thick 40mm laminate tops

There are so many frame and top colours to choose from the combinations are almost endless.

7. Reception and soft seating

The [Piano soft seating](#) range is perfect for any staffroom or student seating area, built for comfort and strength it uses solid beech wooden frames with sprung seats. A recent order brought the following response after this range of seating was recommended: 'Just to say thank you for ordering the soft seating. It arrived this week and it is really gorgeous. Very pleased with the quality etc.'
