

Back to school furniture special offers

This autumn we have [special offers](#) for schools on a wide variety of products. For the colleges, schools and nurseries who did not get all the furniture items needed over the summer break, now it's their chance to take advantage of the price reductions and quantity discount offers across our furniture ranges.

We start with 10% discount on a selection of library products such as single sided bookcases, book displays, tall hinges bookcases, low level static kinder boxes. The items come in attractive wood and coloured finishes and they are ideal for early years and primary schools. We can deliver them within 5 working days and if you buy more, the delivery is free of charge.

All the furniture comes supplied in a flat pack with easy to follow assembly instructions. However we have installation services available should you require it.

We continue the special offers with a discount of £50 per table on all the orders of 5+ units throughout the entire range of mobile dining room units.

Have a look also at the 10% discount on our folding exam desks, including special offer packages with storage trolleys. If the trolleys are not needed, we also can offer discounted prices on desks, based on quantity. The more items your purchase, the less you pay per product.

Choose a free carpet runner when buying one of the large placement carpets from our selected range. They are perfect for early years!

Last but not least, we have for outdoors a £20 discount per table on all the orders of 10+ units from a wide range of recycled plastic and colourful furniture.

If you need more help with room planning or have other furniture requirements, we're just one email or phone call away. Please get in touch with us via our website, at sales@furnitureforschools.co.uk or call us at 0345 3 58 59 60.

Have a wonderful autumn!
