

The following vibration test systems are currently available from V-Teq Vibration Systems Ltd. Each system will be refurbished as appropriate and will be supplied with a warranty.

Vibration controllers are also available to suit all applications and all budgets.

System	Sine Force	Random Force	Max G	Velocity	Displacement Peak - Peak	Armature Dia.	Amplifier	Warranty
ETS L315/MPA101	300kgf	300kgf	100	1.8m/s	25mm	150mm	3Kva - Air Cooled	3 Months
LDS V730-335/LPT750 Combo/DPA10K	1000kgf	1000kgf	75g Sine	2.0m/s	50.8mm	335mm	10Kva - Air Cooled	3 months
Derritron VP85 TLFI /TW6000	670kgf	330kgf	67g Sine	1.5m/s	25mm	152mm	6Kva - Water-cooled	3 months
Derritron VP85 TLFI /MPA401	600kgf	500kgf	60g Sine	1.7m/s	25mm	152mm	New 5Kva - Air Cooled	12 months
Derritron VP85 IPL /MOA401	600kgf	500kgf	60g Sine	1.7m/s	25mm	152mm	New 5Kva - Air Cooled	12 months
Derritron VP400 Combo Team Slip Table 600mm x 600mm / MSA2-31	2000kgf	1400kgf	100g Sine	1.27m/s	25mm	292mm	18Kva - Air Cooled	3 months
Derritron VP700LT/ IPL/ MSA2-31	2300kgf	2000kgf	35g Sine	1.5m/s	25mm	610mm	18Kva Air - Cooled	3 months

Prices for all systems will be provided on application. Delivery, installation and commissioning is also available.

V-Teq provide full service, maintenance and upgrades on all makes of vibration test systems, specialising in ETS Solutions and Derritron. We also provide controllers, accelerometers, fixtures and training.
