

CentraTEQ Ltd Supports Local Charities

(for immediate release) February 2015

CentraTEQ Ltd has confirmed it's continued support for two local charities with which it's Managing Director, Jim Flanagan has close affiliation. CentraTEQ has been a supporter of these charities for 2 years making annual donations which helps both charities to continue the excellent work they do in the local community.

The charities are: -

Solihull, SANDS

Solihull Branch of SANDS, The Stillbirth & Neonatal Death Charity. SANDS is a national charity which supports anyone affected by the death of a baby and promoting research to reduce the loss of babies' lives. Jim Flanagan's late mother Kathleen Flanagan, whilst Nursing Officer at Solihull Hospital Maternity Ward helped to establish the Solihull branch by securing funding and space within the hospital for the service to operate. Jim was honoured recently to be invited to the ceremony to celebrate the 25th anniversary of the opening of the Branch.

For further information please see www.uk-sands.org

SBCS

Solihull Bereavement Counselling Service helps local people come to terms with the death of a friend, relative or colleague. Through the dedicated work of professionals and trained volunteers they provide a sensitive service to those in need. Jim's wife Paula has worked as a volunteer for SBCS for over 4 years. The experience of working with SBCS has been invaluable during her studies for a Degree in Counselling.

For further information please see www.solihullbereavement.org

Jim said of the decision to continue support...'It is a very easy decision to make, both these charities work with people going through extremely harrowing circumstances and it makes us all realise how lucky we are, I am fortunate to be able to support them both'.

2nd October 2014

Dear Mr Flanagan

On behalf of Solihull Bereavement Counselling Service, I would like to thank you for the £500.00 cheque from CentraTEQ Ltd. We are absolutely delighted and can assure you that the money will be put to good use.

The donation money allows us to continue our services helping adults and children, in the borough of Solihull, to understand their grief and cope with their loss.

Once again, our sincere thanks.

Yours sincerely

Julie Swiffin

Dear James

Thank you very much for your generous donation of £500.00 towards the work of Sands. All of our work is run on a volunteer basis, therefore we rely on people's generosity to enable us to continue to support bereaved families in Solihull.

Your kind donation will go towards one of the many projects we co-ordinate locally, from providing memory boxes for bereaved families to funding training days for health professionals to help them better understand how to support bereaved families immediately following baby loss, which is proving to be invaluable.

Thank you once again for your generosity, we really appreciate it.

Best Wishes from everyone at Solihull Sands.

Kind regards

Elizabeth Boobyer
Chair
