

Sentinel®

The ultimate forecourt poster sign.

- Sentinel® Tactical Header available separately (see page 24).
- Smooth rounded corners for safety.
- Stainless steel tamper-proof fixings retain poster cover at the top (not A1 size).
- Durable powder coated steel frame (50 x 25mm oval).
- Easy poster change by one person.
- Silver border and frame as standard.
- Printed back panel and printed borders available made to order.
- Magnetic sealed polycarbonate poster covers offer strength and superior poster protection.
- Black water-fillable base manufactured from recycled polyethylene.
- Built-in wheels - easy to move with our purpose designed trolley (see page 42 for details).

Sentinel® working hard for major brands across the country.

Magnetic poster covers for quick and easy poster change. Bottom opening for larger sizes, side opening for A1 (shown).

Custom colour steel frame (minimum order quantity 25), custom printed border and printed back panel are available made to order.

Recyclable: steel frame, polycarbonate poster covers, part recycled polyethylene base

The Sentinel Family

Sentinel A1
Display Area:
571mm x 821mm

Sentinel 30" x 40"
Display Area:
742mm x 996mm

Sentinel A0
Display Area:
820mm x 1169mm

Sentinel 40" x 60"
Display Area:
996mm x 1504mm

GOOD IDEA tip:

By using the Sentinel trolley and taking the sentinel in each evening, it prolongs the life of the sentinel by the time it is stored indoors overnight.

By doing this your, if the Sentinel is on display from 8am until 8pm daily for one year - taking in at night using the trolley to **protect it from poor weather conditions and vandalism** for 12 hours each night = it is extending the life of the Sentinel by 182 days each year it is on display

Just by using the trolley at a cost of £21. <https://www.nextdaydisplays.co.uk/trolley-for-use-with-sentinelcyclone-745>
