

PRESS RELEASE

April 29 2016

FOR IMMEDIATE RELEASE

MECI offers new Waterproof Modular RJ45 Connectors from Keystone Electronics.

These new RJ45 Jacks and Sockets from Keystone Electronics are rated IP68 for water, dust and harsh environments.

Made for increased durability, these new waterproof parts can withstand a min of 500 mating cycles.

Rated at 125Vac, the parts are fully compliant with IEEE and IEC standards.

Different styles are available to suit a variety of applications, including an RJ45 plug housing and waterproof cable jack cover and connector assembly.

Key characteristics of these new parts are:-

- * IP68 Rated for underwater, dust and harsh environment
- * Durability of minimum 500 mating cycles
- * Voltage rating of 125VAC RMS
- * IEEE and IEC compliant
- * Low resistance, gold-plated contacts
- * 100Base-T (Fast Ethernet)
