FASTER

**SPEED  
PUNCH**

From the leaders in knockout technology comes the new **SPEED PUNCH™** System.

The patent pending “no-thread” design eliminates cross-threading, while the innovative **SPEED LOCK** mechanism quickly secures the punch in place.

This means longer tool life and faster punches, saving you time and money on the job.

**SPEED PUNCH™** is available in ISO 16 to ISO 63 and PG 16 (22.5 mm) metric sizes and two kit configurations.
