TME
TM Electronics (UK) Limited

TM Electronics is a leading UK manufacturer of quality temperature measurement instruments - from affordable off-the-shelf solutions to bespoke customer designs.

- IP67 waterproof design
- ACOPL8 Safety Compliant
- Calibration and repair services
- Wireless data monitoring
- Bluetooth communication
- Barcode reading

Established in 1990, we are proud to offer a comprehensive range of high accuracy thermometers, probes and data loggers for all industries.

# LEGIONELLA RANGE

Brief guide to TME Legionella Control Products.

TME
TECHNOLOGY IN TEMPERATURE

For more information +44 (0)1903 700651 or visit www.tmethermometers.com

TC Wall Port System

A specialist solution for temperature points with difficult access. **Available as Double Input (Hot/Cold) or Single Input.** Gives an instant and accurate measurement from up to 20 meters away. Ideal for inaccessible areas such as boxed in pipework, TMV's, calorifiers or high level water storage tanks.

Use with MM2008 Legionella Thermometer or MM7000-2D Barcode Scanning Thermometer.

Paperless Recording for Enhanced Data Integrity

Eliminate human recording errors and provide an accurate audit-ready temperature log for every fixed water asset.

The MM7000-2D Barcode Scanning Thermometer records temperature, time, date and the exact identity of each location, by scanning its unique barcode. With Bluetooth connectivity the open source software loads data into a spreadsheet.

£425.00

MM7000-2D 1D & 2D Bluetooth Barcode Scanning Thermometer for paperless recording

£95.00

MM2008 Legionella Thermometer with Integral Timer

£15.00

MMWALLHOLD Wall Mount Unit for MM Range of Thermometers

£27.50

MMHOLS Holster for MM Range of Thermometers

£16.00

TCWallPort Thermocouple Monitoring Point for Remote Testing

£16.00

TCWallPort Red or Blue Hot and Cold Thermocouple Monitoring Points. Price Per unit

£7.50

TAPS Thermocouple Attachment Pads

£149.00

MMPRINT Bluetooth Printer

Both available in Lengths up to 20M.
Prices shown for 1m versions

£22.50

**TCWALLPORT-D-KA01** Double Input with integral fine wire probes for hot & cold Pipes.

£20.50

TCWALL-KA01 Single Input with integral fine wire probe.

£129.95

TMELOG1210 WiFi T/C Single Input Data Logger w/ probe. Dual Input also available.

£9.50

KMPC1MP Connection Cable
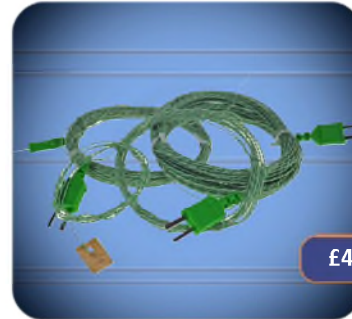

£160.00

FMK2 MM2008 Legionella Thermometer, KS20-S and MMHOLS

£2.50

TEMPRB Temperature Record Book

£4.50

Fine Wire Probes Available in lengths up to 20M. Prices from

**£65.00**

KM08 Legionella Shower Probe

£304.00

HVK1 Heat and Ventilation Temperature Monitoring Kit

£7.50

MMBOOT-BK-S Replacement Boot for MM2000 Range. Also in white

£17.50

**KM07** Immersion Probe

£65.00

**KS20-S** High Speed Reinforced Dual Surface Immersion Probe

£243.00

SK1 Temperature Simulator Kit

£1.60

KMP01 K Type Miniature Plug

£32.00

KM03 General Purpose Immersion Probe

£22.50

KVEL01 Velcro Probe

£38.50

KS16 Reinforced Ribbon Surface Probe

£81.00

PKGPK General Plug Mounted Probe Kit

£120.00

CLEGK1 MM2008 Legionella Thermometer with BSKS01-S Probe

£150.00

CLEGK3 MM2008 Legionella Thermometer with KS20-S Probe

£30.50

KA03 Moving Air Probe

£84.00

PKHVK Heat and Vent Plug Mounted Probe Kit

£188.50

LEGK1 Legionella Kit with MM2008 and Standard Probes

£525.50

LEGK2 Legionella Kit with MM7000-2D and Standard Probes

£30.50

KA04 General Purpose Still Air Probe

£185.00

FMK1 MM2020 Dual Input Thermometer with KS01-S and Holster

£525.50

LEGK3 Premier Legionella Kit with MM7000-2D and Dual Probe

£188.50

LEGK6 K Type Legionella Temperature Kit with Dual Probe
