

SIC Announce trade shows for 2014

SIC are pleased to confirm that we will be exhibiting at a number of UK exhibitions throughout our 50th Anniversary year. In previous years we have found the exhibitions that we have attended a fantastic way to meet and interact with new and existing customers and we envisage that this year will be no different and are currently confirmed to exhibit at 5 events, the first of which (Southern Manufacturing 2014) is only 3 weeks away.

We always ensure that we have a full selection of our product samples on hand including wire harness, cable loom and panel wiring assemblies as well as our vastly experienced sales team to help with any technical queries that you may have so that if you have any requirements you'd like to discuss we can help.

Below is the list of shows we are attending, if you are planning to exhibit or attend then please drop by and say hello!

Southern Manufacturing, Farnborough, 12-13th February 2014

Electronic Sourcing Live, Milton Keynes, 15th May 2014

Subcon, NEC Birmingham, 3-5th June 2014

Northern Manufacturing 2014, Manchester, 1-2nd October 2014

PLASA, London, 5-8th October 2014
