### The best graphics decision you'll ever make

You built your business and developed branding that will stand out and endure. So, when it comes to choosing the materials for your branding graphics, you want to make sure they match your expectations. By choosing a 3M Select Graphic Provider, you have the peace of mind that the finished graphic has been manufactured by a trusted 3M provider and applied by a qualified applicator.

#### Why choose a 3M Select Graphic Provider?

3M Select Graphic Providers are a well-established network of installers that have met criteria set by 3M to ensure high quality and consistency of application across the following key markets:

- Fleet
- Rail
- Interior and Exterior Decoration
- Sun Control and Safety Films
- Consumer Automotive

### Discover your reliable provider for graphic solutions

Whether you're looking for a single vehicle wrap, large fleet project support, energy saving and sustainable solutions or stunning interior designs, our network of trusted 3M Select Graphic Providers has you covered.

#### **Fleet owners:** Promote your brand while on the road using vehicle branding

3M Select Graphic Providers approved for "Fleet Graphics" are specifically trained for the installation of 3M Graphic Films including lettering and printed graphics with unique designs, ensuring the right film is used for your requirements.

#### **Rail engineers:** Improve the experience on the go

Paint replacement, surface protection against vandalism, cost efficiency or warranties are key elements to consider when choosing a film in the rail industry. 3M Select Graphic Providers certified for "Rail" are professionals in film selection and application, ensuring the warranty from the film printing to installation.

### Peace of mind and confidence for your business

Select Graphic Providers are reviewed by 3M to ensure they produce high quality graphics. All installers are trained and assessed to provide reliable installation service using 3M Endorsed Installers Program criteria, while their facilities and application methods are periodically reviewed by 3M to meet the 3M™ MCS™ (Matched Component System) standard.

The 3M Select Graphic Program ensures a consistent and high-quality service, with the added protection of an end-to-end warranty under the 3M and Select Graphic Provider partnership.

#### Training program

3M Endorsed Installer program is a training and certification program that recognizes installers' skills and experience.

### Choose reliable and comprehensive graphic warranties

3M provides a warranty on the finished graphic under the 3M™ MCS™ (3M Matched Component System Warranty) process.

Working with a 3M Select Graphic Provider and a 3M Endorsed Installer you will be able to take benefit of the product warranty even after it has been printed and installed. The warranty covers replacement of the 3M product and may include labour, printing, and removal costs – giving you peace of mind.

Review this part of the FAQs if you have a need for graphics solutions

- Who should I contact to get my company's vehicles branded with the company logos and branding?

All Select Graphic Providers are audited as companies against high standards. You can find the 3M Select Graphic Providers who have certified Endorsed Installers specifically for vehicle applications at "[Find an Installer for Fleet](#)". Contact one of the specialised Select Graphic Providers in the area near to your location and they will provide the high-quality wraps with our warranty, and peace of mind!

- Where can I get advice on internal decoration and improvement of the privacy for meeting rooms within a building?

Please contact your [nearest Select Graphic Provider](#), they are our trustworthy professional providers. Select Providers can offer you the full service – from your request to advising the right solution and installing it in your building. Choosing a 3M Select Graphic Provider ensures high quality standards and desired outcomes.

- Can I install the wrap film myself?

While it is possible, we strongly recommend you use a certified, professional installer in order to ensure the quality, appearance and durability of your wrap matches your expectations. Installing the wrap film yourself can go wrong very easily and will mean it's not covered by our comprehensive warranty. [Contact the 3M Select Graphic Provider near you](#) to find a professional installer.

- How much energy will be saved by applying sun films on the building windows?

This depends on your specific situation, your building, the climate, and many other factors. 3M™ Building Window Films can help reduce your carbon footprint and energy costs. Contact a [3M specialised Select Graphic Provider](#) for more information. They will be happy to discuss your requirements and the potential solutions.

- How can I reach out if my question is not listed here, and I cannot find the answer on the website?

Our sales and technical experts can help you out, please raise your questions in [the below form](#), and we will contact you as soon as possible.

- How can I contact 3M?

Please fill in [the form below](#), we are happy to answer any questions you have!
