

Do you know about RH print and process capabilities?

RH offers print and process solutions to manufacturing industries. Whether you are an existing customer or new to our site, RH is a versatile operation. We resolve a range of graphic solutions for many business needs. This includes the Medical, Military, Security, Aerospace, Industrial and Leisure Sectors. What does this mean to you? From custom-printed labels to manufacturing integrated Membrane Keypads, we have all your HMI and graphic solutions covered.

RH services and process capabilities:

- Digital and Screen Printing ~ We use both processes & can also combine the two for great-looking products.
- Ink Specialist ~ From colour matching to custom colours like metallics and pearlescence.
- Finishing ~ Creating surface textures that make your projects look opulent.
- Embossing and Resin Doming ~ Creating raised tactile areas.
- Tooling ~ Complex project die cutting, CNC Turret punching, Precision print-to-cut tolerances and Digital XY cutting.
- Product Assembly ~ In-house product assembly and testing.
- [Kanban Service](#) ~ Flexible despatch to match customer logistic needs.
- [FAI reports](#) ~ First Article Inspection (FAI) is the process of planning, manufacturing, and verifying a production process.
- [Full Engineering Support](#) ~ Design guidance on materials and adhesives, plus a review of your project to offer best practice solutions.

It is true to say that it isn't always about what we produce alone; notably, it is also about how we work and interact with the customer that creates the best results. We pride ourselves on being a proactive and customer-centric partner in your business. Our customer service and engineering departments are always on hand to answer your questions and assist with your project needs. We will review your designs and offer best-practice solutions for various industries based on practical experience and knowledge. The bottom line is our people will go the extra mile to make your project perfect!

RH product capabilities: (on polyester, polycarbonate and vinyl plastics)

- Inkjet Print ~ Large and Small format digital printing.
- Screen Print ~ Graphic Overlays, Facias, Kiss-Cut Label sets and Sticker.
- Unique Print ~ Serial numbers labels, barcode labels and QR code labels.
- Industry Specifics Labels ~ Medical Labels (Anti-Bacterial), Security Labels (Tamper Evident), Marine Labels (Waterproof), Industrial (High Impact) etc.
- Sports Branding ~ Brand stickers for sports equipment, i.e. Cricket Bats.
- Robust POS ~ Hard-wearing Point of Sale like floor stickers.
- Windowed Overlays ~ Filter colours and speciality display windows.
- Support Panels ~ RH can manufacture CNC-punched metal panels with fixing studs to compliment your graphic overlay.
- Printed Circuits ~ Silver and Copper capacitive switch sensors.
- Rapid Prototyping ~ Test your product before manufacture.
- Non-Print Products ~ Gaskets, insulators, spacers, and shims.
- Membrane Switches and Keypads ~ The operational controls of an electrical device connecting to a PCB.

RH Technical Industries is the perfect choice if you're looking for a company that can provide you with a wide range of solutions for your printed products. We have the experience, expertise, and resources to help you bring your products to market quickly and efficiently. RH print and process capabilities will offer the solution you require!
