

Mix awards 2022

Soundtect is absolutely delighted to be finalists in two awards this year for the Mixology North awards for 2022.

With 12 year track record of supplying good quality, sustainable aesthetically pleasing Acoustic Solutions. It is an honour to have this recognised by such a giant in our industry, and although there are many well deserved other finalists too, Soundtect is really excited, and incredibly hopeful that we will be crowned either (or both) Manufacturer of the Year and [Product of the Year with our newest addition Harmony](#).

As always, the awards offer an opportunity to look back at another exceptional year of design in the North of the UK, highlighting the trends and innovative ideas that have emerged out of a challenging period for the commercial interiors community and wider society.

[The Mixology North22 Awards](#) will take place on Thursday 1 December 2022. This year held at Manchester Central for an evening of celebration and networking – plus spectacular entertainment, Soundtect will be keeping everything crossed whilst networking with some of the best in the industry on this momentous occasion.

To all our clients, we thank you for your continued business and for helping us grow the ranges not only through our fantastic design team but also your own brilliant creativity and inspiration too.

Wish us luck!
