## Sustainable Acoustic Solutions

**Third-generation recycled PET and fully recyclable**

With 12 years of manufacturing high performing, quality acoustic solutions, it is an honour to be finalists for both **Harmony** for **PRODUCT** of the year and for **MANUFACTURER** of the Year 2022.

We would like to say thank you to Mix for recognising our contribution to the design industry.

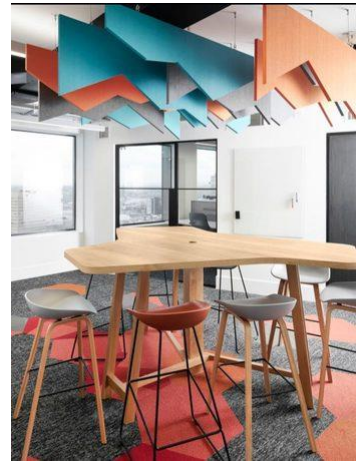

Whether it's a wow factor, timeless elegance or an almost invisible subtle addition to add that all important reverberation control, and keep well-being in the workplace maintained, the Soundtect range has it covered.

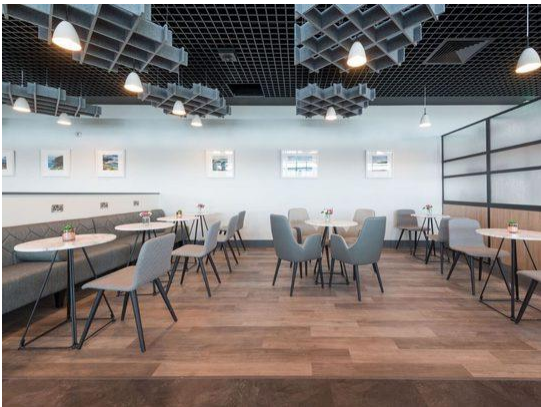

From where we started in 2010 with just a small collection of 3D wall panels, we now offer multiple options, and thrive on supplying bespoke solutions, for walls & ceilings to suit any environment.

## Here's why you should consider Soundtect

*Wish Us Luck :)*
