Sanitising Station

1 Mild Steel Powder Coated Body

2 Paper Towel Holder

3 Hand Sanitiser Dispenser

4 Clean Water Dispenser

5 Foot Pedal Mechanism

6 Foot Pedal Operated

✓ Foot Pump Operated

Minimises transmission and provides everything needed to clean hands against Coronavirus in line with UK NHS guidelines.

✓ Reduce Staff Illness

Regular and effective personnel hygiene will minimise time lost to illness in the workplace.

✓ Rugged & Robust

These innovative, hand wash stations are fully mobile and easily transported around any site – inside or out.

✓ Highly Visual Design

Raises awareness of a need for high level on-site personal hygiene.

✓ Easily Located

Durable wheels allow the hand wash unit to be easily moved around site, relocated and transported for refilling and emptying when required.

✓ Independant Water Supply

Simple to operate and maintain – no water supply or waste pipework is required.

✓ Available For Immediate Order
