

# Make your healthcare facilities as contactless as possible

record uk is still operational and we will prioritise NHS requirements.

Keep your environments safe and help limit the spread of germs being passed on via hands by automating existing swing doors with our record DFA 127 operator package.

- 1 DFA 127 85mm Modular Swing Drive including:
- 1 Push or Pull Arm
- 1 Activation - Radar Sensors (Eagle-1)
- 1 Pair Long Top-Rail Mounted Safety Sensors
- 1 Multi Programmable Function Switch (BDE-D)
- 1 Stainless Steel Cover
- 1 Finger Guard (1980mm high - if required)

- Compact design for a quick and easy installation
- Practically silent operation
- Power saving mode - energy efficient and environmentally friendly
- Programmable control unit to suit all requirements

## Alternative Activation Options

record BLS 60  
Touchless Switch

Larco Coppershield  
Push Pad - Antimicrobial  
Copper Surface  
(Kills 99.9% of Bacteria)

We also have WC  
Entry Kits to automate  
any WC door
