

Our favourite features to include in your outside structure

February 29, 2024

Designing your outdoor space presents an exciting opportunity to craft a bespoke sanctuary that mirrors your lifestyle and personal style. Whether you're hosting gatherings or wanting an area to relax and unwind, integrating the right features can elevate your outdoor experience to unprecedented levels. Here, we delve into our top picks for enhancing your outside structure.

Pizza Oven and Outdoor Cooking Equipment:

Elevate your back garden into a culinary haven with a pizza oven and other outdoor cooking equipment. There's an undeniable allure to the scent of freshly baked pizza or the sizzle of burgers on the grill, infusing any gathering with an air of conviviality. From wood-fired pizzas to sumptuous BBQ creations, having a dedicated outdoor kitchen area makes entertaining a breeze while wowing guests with mouthwatering homemade fare.

Dining Tables for Al Fresco Feasts:

Indulging in al fresco dining offers you a space that allows you to enjoy delightful meals amidst nature. Incorporating a dining table into your outdoor structure serves as a focal point for social gatherings. Whether it's a rustic wooden picnic table for a picky food lunch or an elegant dining set for formal dinner parties, selecting the right table sets the stage for unforgettable outdoor dining experiences.

Outdoor Gym for Active Living:

Incorporate a gym and fitness area into your outdoor structure to improve your health and well-being in the great outdoors. Exercise equipment such as weights, resistance bands, yoga mats and cardio machines enables invigorating workouts whilst soaking in vitamin D and communing with nature. Allowing you to escape from the busyness of life and focus on your mindfulness in a separate space. Whether you favour high-intensity interval training, yoga sessions, or strength training, a dedicated outdoor gym offers a convenient and motivational space to stay active.

Outdoor Cinema Experience:

Immerse yourself in cinematic set up by transforming your outside structure into an outdoor cinema. Install a retractable projector screen or utilise a large blank wall for enchanting movie nights beneath the stars. Arrange plush seating with cushions and blankets for a cosy ambiance. Elevate the experience with a popcorn machine, refreshment bar, and LED lights to create an enchanting atmosphere. Whether it's a family movie night or a romantic evening for two, an outdoor cinema injects excitement and entertainment into your outdoor space, especially in the summer months.

Sofas and Lounge Chairs for Relaxation:

Craft the ultimate area for relaxation and conversation with sumptuous sofas and lounge chairs. Plush seating options allow you and your guests to unwind and savour the tranquility of your outdoor space. Whether you're sinking into a cushioned sofa with a captivating read or basking in the sun on a reclining lounge chair, investing in premium outdoor furniture ensures that your outside structure exudes comfort and style in equal measure.

Accessories such as LED Lighting and Heating:

Extend the functionality of your outdoor structure into the evening hours and cooler months with accessories like LED lighting and heating elements. Soft ambient lighting imparts warmth and ambiance to your outdoor realm, fostering an inviting atmosphere for evening occasions. Similarly, integrating heating elements such as fire pits or patio heaters ensures year-round enjoyment of your outside structure, even on brisk and rainy evenings. Creating a cosy and peaceful space.

Designing your outside structure offers an opportunity to create a bespoke space that enriches your outdoor living experience. By incorporating features such as a pizza oven for social occasions, dining tables for al fresco dining, a dedicated fitness area to get your mind and body into shape you can fashion a versatile and inviting space that beckons year-round enjoyment. Explore these favourite features and allow your imagination to shape the perfect outside structure for your home. Contact our team today to begin creating your bespoke outside structure.
