

Safety Accreditation Solutions Ltd help Contractors get EcoVadis ratings

SSIP HELP

Safety Accreditation Solutions

We were pleased to be able to assist many of our Clients in obtaining their first EcoVadis rating recently and also help them become Avetta members, enabling them to join Amazons vendor list.

EcoVadis is the world's most trusted provider of business sustainability ratings, intelligence and collaborative performance improvement tools for global supply chains.

With our support and expertise, we made our Clients life much easier and the application process smoother and faster. With this knowledge and expertise, we know exactly what information and evidence these registration schemes are looking for, which makes the whole application process quicker and less time consuming for contractors, letting them concentrate on their daily operations.

All of our Clients across the UK are able to become registered with EcoVadis and Avetta or any other registration scheme with our support as we have a **100% pass rate**.

We do the hard work for you!

Our other services include:

- Assistance with Constructionline Gold, Constructionline Silver, Constructionline Bronze Registration
- SSIP Accreditation Application help (CHAS, Safecontractor, Avetta, SMAS, Acclaim etc)
- Competent Health & Safety / CDM Advisor
- Provision of Health & Safety Policy, procedures and forms

Safety Accreditation Solutions Ltd – THE Solution to your registration problems

Contact us now for expert help in getting registered with any of the above schemes –
