

# Commercial Surveying Award Winners

It is great to see [SME News](#)' article on Allcott Commercial in their [UK Enterprise Awards 2022 publication](#)!

The piece celebrates the company's recognition as 'Best Commercial Surveying Practice 2022 – England & Wales'; an award that we were honoured to be nominated for.

While we are an established firm with a heritage of over 2 decades, the past year has been particularly special for the commercial team, with significant growth and expansion meaning that we can now offer a broader range of services to a greater number of clients. We now have 14 offices all over the country, from [Bristol](#) in the West, to [Cambridge](#) in the East, up to [Liverpool](#), [Manchester](#) and [Leeds](#) in the North, [Cardiff](#) in Wales and, of course, [London](#), so our surveyors have most areas covered.

We are also really proud of our personal, tailored approach to each job we work on, whether it is a large multi-million pound project or a small, one-off survey. Our team is all in-house and all of our surveyors have several years of post-qualification experience. This allows us to provide our clients with in-depth technical insight that can be difficult to find elsewhere, and we believe it is one of the reasons that [Allcott Commercial](#) was recognised in the 2022 awards.
