

Bondtak[®]

Aerosol Adhesive Spray

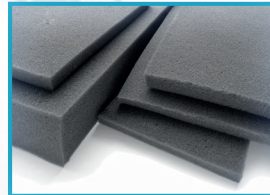

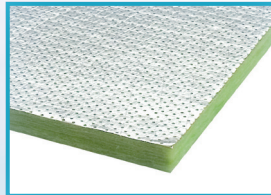

Bondtak 2080 is a synthetic, rubber based heavy-duty aerosol adhesive that uses ozone friendly propellants specifically developed for a quick, clean, and convenient spray application without sacrificing the excellent instant grab properties it is well known for.

Ideal For:

- ✓ Aluminium Foil
- ✓ Fabric
- ✓ Foam
- ✓ Insulation
- ✓ Metal
- ✓ Plastic

Bondtak multi-purpose aerosol adhesive spray is the ideal solution for industrial and commercial projects alike, offering outstanding performance for a variety of substrates.

Bondtak 2080 Features:

- ✓ Convenient spray application
- ✓ Instant grab
- ✓ User-friendly
- ✓ Long tack life
- ✓ Suitable for a range of substrates
- ✓ Soft bond line
