

# Kilmaurs Primary School Case Study

**Our Client:** Kilmaurs Primary School is set in the heart of the village of Kilmaurs, in the countryside north of Kilmarnock in Scotland. The school covers stages P1 to Primary 7 and plays an very active part in the local community. The school's main accommodation consists of multiple classrooms, a large gym hall, library, digital learning room and a separate dining hall.

**Their Brief:** The primary school has recently undergone a substantial refurbishment and fit-out project which began in 2022. The £300,000 project worked to a phased program to ensure minimal disruption to both pupils and staff. The renovation was the perfect time to improve hygiene in the school washrooms as well update sanitaryware to ensure water efficiency.

**Our Solution:** Nearing the end of the project, Sanitaryware was required on a very quick turnaround so our in-house and stocked SanCeram range was ideal. The school were looking to reduce water consumption where possible and promote pupil hygiene, so our Rimless WCs and Sensor Taps were the perfect products for the school.

## **SanCeram Chartham Beyond Wall Hung Rimless Toilet Pan: with Tyde Concealed Dual Flush Cistern with Lever:**

- Rimless WC for optimum hygiene and water saving
- Wall hung installation helps to reduce dirt traps
