What makes this good safe a great safe??

Made in the UK, it's heavy duty, handmade, tested and certified in the UK by the LPCB (Loss Prevention Certification Board) has 45 minutes fire protection for documents and it comes with the blessing of the AiS (Assn of Insurance Surveyors) and it has a Police Preferred specification through their Secured by Design initiative. Because its heavy duty, it will give you years of trouble free life.

Produced to exceed standards set, this is made with hidden hardened steel plates to protect vital areas, including glass plate and passive and live re-lockers that interact with its lock that if its lock is attacked or compromised, trigger, to stop the safe door opening.

You have the choice of Key lock, Electronic code lock, Dial combination or even twin locking. You don't get so many choices with safes coming from the far east!!

In addition, Dudley safes, who started producing safes in 1982, can make this safe into a deposit safe. The choice includes, Letter slot, Capsule deposit, Drawer deposit, and Rotary deposit, not to mention having the safe produced as a bespoke safe, to suit you and your business!!

Going back many years, they used to say Chubb (now Chubb safes) were the definitive brand. We can now say that Dudley Safes can stand up and be counted as an equal amongst the very best!! And excellent value for money.

Dudley Safes produce safes and security cabinets in virtually all Insurance grades, up to and including Euro Grade 5.

We show them all on our web site at, the very best UK prices.
