PRESS RELEASE

25 in 20 + A FREE MACHINE – Prize draw

2020 is an important milestone in the history of Y.E.S Ltd as the company reaches the ripe old age of 25. Yes, it will be 25 years on February 14th 2020 since Y.E.S Ltd opened its doors for the very first time.

It was St Valentines Day 1995 when Roy Burton CEO first walked downstairs into his small home office and waited for that first order. In those days the company sold used machines and expertise and these two items still form part of the catalogue but they have now been joined by a plethora of products covering embroidery, garment printing, transfer printing and UV style printing making it one of the most diverse ranges in the industry. If you want to decorate a garment, textiles, glass, wood, plastic, leather then look no further than Y.E.S Ltd.

Over this quarter century the company has been involved not only in supplying product but also in designing and developing different product and techniques.

In embroidery, for instance, they were heavily involved in the development of the SWF Dual Function machine – still the only machine on the market that can embroider two different products and/or patterns at the same time.

In direct to garment printing they were part of the team that developed the range of DTG Digital machines, still the only machines on the market that use specially developed firmware to allow you to produce quality prints at a lower resolution. When questions are asked, Y.E.S Ltd generally have the answer.

One question that did stump them for a while though was *“how can we celebrate our 25th anniversary?”* The answer they came up with **“Let’s give a machine away”**.

*Yes to celebrate this milestone Y.E.S Ltd is giving away a [SWF MAN 12](#) one of the most advanced single head machines available. So, how do you stand a chance of winning this amazing prize? Well you have two choices.

You can just pay them a visit at the forthcoming Printwear Live show at the Birmingham NEC on 19th, 20th and 21st January 2020 talk to the team, and give them your business card or you can buy a new machine from Y.E.S Ltd between December 1st 2019 and February 13th 2020.

The draw will be made “Live2” at 12 noon on their anniversary February 14th 2020 via Facebook.

For a company that started supplying only the embroidery industry it seems fitting that they should choose to give away an embroidery machine. So why not help them celebrate by paying them a visit at Printwear Live on Stands H10 whilst, at the same time, giving yourself the chance to win a free machine.

For full details on the *prize draw and for information relating to any other product in the Y.E.S Ltd range please contact them on 01623 863343 or email them at hello@yesltd.co.uk.

**Entry to the prize draw can only be made in the ways described above. By entering the prize draw you are agreeing to the prize draw rules and the terms and conditions. Visit WWW.YESLtd.co.uk for details.*
