

# SAFETY AT HEIGHT

## Falcon™ Self-Retracting Lifelines

### EXTREME DURABILITY!

Nearly indestructible, the high impact-resistant nylon housing withstands the harsh rigors of the toughest applications. The lightest, most rugged range of composite retractables Fall Arrest Blocks

**New!**

6m Webbing with Fall Indicator

#### ■ FEATURES:

- Corrosion-resistant stainless steel and aluminium internal components extend service life and reduce replacement costs
- Lightest composite unit on the market – easy to handle and transport to/from job sites
- Unique side payout design reduces wear on the entry guide bushing and cable for smooth operation with less drag
- Smooth, quiet operation; engineered spring retraction tension designed not to pull or drag on a worker to improve productivity and reduce fatigue
- Built-in, ergonomically-designed moulded handle on the 15 m and 20 m cable units provide support and leverage when attaching to anchorage connector. Easier to install.
- Dual swivels (unit top and snap hook) included on all cable models to minimize lifeline from twisting during use
- New and improved load indicator identifies when the unit needs to be removed from service\*  
\*Cable models – on snap hook, Web models – indicator on webbing
- No annual factory re-certification required\* – lowers life time cost of ownership and increases productivity

Part No.	Description	Weight	Dimensions (LxWxD)
<b>FALCON WEBBING SELF-RETRACTING LIFELINE - EN360</b>			
1031140	6m webbing lifeline with 2 Karabiner and Fall Indicator <i>No annual factory service required</i>	1.8kg	(183 mm x 147 mm x 69 mm)
<b>FALCON GALVANISED CABLE SELF-RETRACTING LIFELINES - EN360</b>			
Approved for horizontal application when used with an extension sling (1002897) and Karabiner (1018960) attached to the harness <i>No annual factory service required</i>
