

Good morning,

Well, we said last year, it had been a year of challenges and yet, a year on, here we are saying the same things.

Conflict, crises, and critical issues have been the theme throughout these last 12 months and like everyone, we're battling on through these the best we can.

Inflation, material shortages and daily price fluctuations have made all our jobs more difficult, as have the difficulties in recruitment and huge energy increases.

Throughout all of these, our team have done their best to keep our levels of service and excellence at the highest possible level and retain our pricing at a stable level, to give all our customers the best chance to deal with everything they're facing.

It is through working together, we achieve the best results, and we cannot thank you all enough for your support, understanding and loyalty over these past 12 months.

Our participation in the '[Sharing in Growth](#)' programme is leading to many more improvements and increasing our abilities here at Hone-All. We look forward to sharing some of those developments with you in the coming months and hope you see the benefits of the hard work we're all doing to continue to improve our capacity, capabilities, and service – both to you, and our industry as a whole.

Thank you all so much for being such great partners and we wish you, your families, and your teams all the very best for the festive period and beyond.

And let's hope that over the next 12 months, we see a return to stability and success for all.

With all our best wishes,

Andrea & All the Team here at Hone-All xx
