

Niftylift is Shortlisted for HAE Awards 2024

Niftylift has been shortlisted for two awards at the Hire Association Europe's Hire Awards of Excellence 2024.

Thursday 29 February 2024

We are pleased to announce that Niftylift has been shortlisted as a finalist at the Hire Awards of Excellence 2024, hosted by the Hire Association Europe (HAE).

We have been shortlisted in two categories at this year's awards:

Hire Industry Product of the Year (for the HR15E H₂E) and the prestigious Hire Industry Supplier of the Year.

The awards will be held in London on Saturday, the 13th of April, and celebrate the fantastic achievements of hire and supply companies across the UK's plant, tool, equipment and event hire industry.

The winners will be independently judged against stringent criteria, with the awards providing an excellent way to acknowledge and showcase some of the best practices the Hire Industry can offer.

We wish all the finalists the best of luck and hope to bring you good news in April!
